Group personal accident insurance arrangement for Derbyshire FA affiliated adult and youth teams

For the 2022/23 season, Derbyshire FA have arranged a group policy for all affiliated Adult and Youth teams. The cover will be provided as part of the affiliation process.

The group policy provides the minimum level of cover required for affiliation, but clubs have the option of increasing the level of cover, to meet their own requirements. The premiums payable in respect of increasing the level of cover have been discounted, to reflect the group policy arrangement in place.

The County FA will issue documentation to all eligible teams confirming the cover in place via the group policy.

What is personal accident insurance

If you become injured whilst participating in a club activity, you can incur significant financial losses as a result. Personal accident insurance can help offset some of these unexpected expenses.

This insurance can pay out a set amount if someone is injured in an accident and the payout can be a lump sum or a weekly amount. It ensures all participants have protection in the event of an injury and because this is a “non negligence” cover it can help reduce litigation in the game, because unlike a liability policy you do not have to find someone to be at fault for an injury to receive compensation

Option to upgrade the cover

Details of the group personal accident cover provided can be found in this document. The Adult and Youth team benefits can also be enhanced to include things such as:

- Increased weekly benefit
- Increased broken bones benefit
- Higher life cover benefit.
- Include covers for physiotherapy, dental accident to name a few.

When does the policy start and finish?
